

Mentor biography:

Name: Susan Edwards

Education level: Masters in Early Childhood

Areas of expertise: Early Childhood Curriculum and Leadership

Number of years in the early care and education field: 16

Regions in which I would like to mentor/coach: Sandpoint and Bonners Ferry Area

What mentor/coaching means to me: I am dedicated to the field of early childhood, and I am happy and pleased to be able to share my knowledge with others wishing to get into this field. Being selected as a mentor/coach is such a wonderful privilege and honor. I want to help child care facilities and child care providers be the best they can possibly be. I hope to give the knowledge I have gained through my education and my experiences in Head Start, so that everyone I mentor will be successful.
