

Mentor biography:

Name: Lisa Horan

Education level: Master's Degree in Family & Consumer Sciences

Areas of expertise: Specialize in leadership, administration, hiring, grantwriting, etc. but teach all areas of Early Childhood education and programming as well, with the exception of Health & Safety issues.

Number of years in the early care and education field: 20 years

Regions in which I would like to mentor/coach: Region 2

What mentor/coaching means to me: Mentor/coaching has provided *me* with an opportunity to learn more about the day-to-day, "commitment to excellence" that it takes to run a quality, impactful, early childhood program. I have been absolutely amazed by the level of leadership, dedication and integrity exhibited by the two directors with whom I have had the honor to mentor thus far. I look forward to continuing in a mentorship role in 2009!
